What Educators are Saying

“Students collaborated on Google Slides and created digital versions of the traditional *All About Me* posters. As students searched for images about their interests and hobbies, they were excited to find images that were just right for them. I was happy to have a safe place like ImageQuest to allow students to search for images and photos to use in their work and to be able to build upon digital skills I knew the students already had.”

– **Jenni Olson, Teacher Librarian, West Branch CSD**

“I love Image Quest for the images that can be searched without using Google, opened and saved as jpps. Did you know that ImageQuest allows teachers to use their projects, such as Best in Search, which includes a chart to compare search results?”

– **Amy Throckmorton, District Librarian, Sumner-Fredericksburg/Tripoli CSDs**
