

A Closer Look: MackinVIA

MackinVIA K-12 is a collection of audiobooks, ebooks and read-alongs for K-12 students with a digital library that can be customized to fit classroom and student needs.

Accessing the Digital Resources is Easier Than Ever!

Access the AEA digital resources using **AEA OneClick**.

<https://bit.ly/AEAOneClick>

Secondary students will want to use **AEA Scout** to search the AEA digital resources.

<https://scout.iowaaea.org>

Accessibility Features

- Audiobooks
- Adjustable speech rate
- Audio and video transcripts
- Ebooks
- Lexile level sort
- Text font/size changes
- Text reader highlighting
- Text-to-speech
- Voice choice
- Synthesized or digitized voice

What Educators are Saying

“Using MackinVIA in my 3rd grade classroom gives my students the opportunity to explore a variety of texts with just a click! We worked on an informational writing unit where students chose an animal to research and write about. With each student choosing different animals for their projects, finding appropriate books for everyone can be a huge challenge. Students searched the “animals” category, and we were able to find books for everyone in my class! The audio feature also allowed struggling readers to process grade-level text. Books were easy to assign with the OneClick login provided by the AEA. MackinVIA is an excellent resource that I will continue to use with students in the future!”

– **Stephanie Ahrenholtz, 3rd grade teacher, Harlan Community Schools**

“Being a teacher librarian, MackinVIA is one of my favorite AEA Digital Resources! I love the ease of access to the thousands of ebooks and audiobooks available. Creating a customized home page and curating groups that align with units of study or popular fiction titles make it really user-friendly, even for the youngest learners. When using titles for research, students can highlight text and take notes, which can then be saved directly to Google Drive. MackinVIA is a great resource to provide additional access to text for all readers!”

– **Sarah Fink, Digital Learning Consultant & Teacher Librarian, Green Hills AEA**
